Renewable Content:	100.0% National Wind ₁																							
The statewide average for renewal content is:	39.0%																							

¹ This product supports a cleaner environment by offsetting 100% of your annual usage with an equivalent amount of renewable energy credits (RECs) produced by wind generation in the United States. As both the generation of renewable energy and customer use varies independently, Tomorrow Energy relies on the ERCOT ISO energy to serve our customers load. Tomorrow Energy will purchase RECs to offset each customer’s total annual load and retire these RECs within 6 months of the end of the calendar year.

Hours of Operation (Central Time): Monday- Friday 7:00 am – 4:00 pm, Saturday (limited services) 8:00am-12:00pm (Closed Sundays and Holidays)

Tomorrow Energy

Área de servicio de CenterPoint

PUCT Certificate Number: 10270 December 02, 2023

		Precio promedio por kWh		
Consumo promedio mensual		500 kWh	1000 kWh	2000 kWh
Precio promedio por kWh		16.8¢	16.3¢	16.1¢

La divulgación anterior de precios se basa en los siguientes componentes de precios:

- Cargo de Tomorrow Energy** 10.35¢ por kWh
- Cargo base de Tomorrow Energy** \$0.00 por ciclo de facturación
- Cargos por entrega de CenterPoint** \$4.39 por ciclo de facturación y 5.4694¢ por kWh
- Cargos por incumplimiento de titulización** 0.006¢ per kWh
- Cargos por aumento de la titulización** 0.06¢ per kWh

Los Cargos por Incumplimiento de Titulización y Aumento están sujetos a ajustes durante la vigencia del contrato. La divulgación de precios promedio es un ejemplo basado en los consumos mensuales promedio de kWh indicados anteriormente. El precio real que usted paga variará en función de su consumo real y se calcula basado en los montos de consumo establecidos en la tabla arriba. Los precios promedio que se muestran arriba reflejan todos los cargos recurrentes, excluyendo los impuestos estatales y locales sobre las ventas. Las áreas sujetas al cargo de instalaciones subterráneas del área de servicio de CenterPoint y al cargo de recuperación de gastos autorizadas por la ciudad no están incluidas en el precio promedio anterior. Consulte la tarifa del área de servicio de CenterPoint para obtener una lista de ciudades y cargos autorizados. <http://www.puc.texas.gov/industry/electric/rates/TDR.aspx>

Precio de electricidad

Otros términos y preguntas clave

Consulte el documento de Términos de Servicio para obtener una lista de tarifas, política de depósitos, precios para un producto de renovación mensual por defecto y otros términos.

Tabla de divulgación

Tipo de product	Fijo
Plazo del Contrato	24 meses
¿Tengo una tarifa de terminación o alguna tarifa asociada con la terminación del servicio?	Sí - \$175.00
¿Puede cambiar el precio durante el periodo del contrato?	Sí
Si mi precio puede cambiar, ¿cómo cambiará y por cuánto?	El precio aplicado en el primer ciclo de facturación puede diferir del precio en este EFL si hay cambios en los cargos del Proveedor de Servicios de Transmisión y Distribución ("TDSP", por sus siglas en inglés); cambios en las tarifas administrativas del Electric Reliability Council of Texas [Consejo de Fiabilidad Eléctrica de Texas] o de la Texas Regional Entity [Entidad Regional de Texas] cobradas a las cargas; o cambios resultantes de leyes federales, estatales o locales o acciones regulatorias que impongan tarifas o costos nuevos o modificados.
¿Qué otras tarifas me pueden cobrar?	Los cargos por tarifas obligatorias no recurrentes se incluirán en un concepto por separado en su factura mensual. Consulte las secciones de "Tarifas No Recurrentes" y "Cargos" dentro de los Términos de Servicio, para obtener información más detallada.
¿Es éste un producto de prepago o pago por adelantado?	No
¿REP compra el exceso de generación renovable distribuida?	No
¿REP compra el exceso de generación renovable distribuida?	100.0% viento nacional ¹
El promedio estatal para contenido de renovación es de:	39.0%

¹ Este producto apoya un ambiente más limpio al compensar el 100% de su consumo anual con una cantidad equivalente de créditos de energía renovable (REC, por sus siglas en inglés) producidos por la generación de energía eólica en los Estados Unidos. Dado que tanto la generación de energía renovable como el consumo por parte del cliente varían de forma independiente, Tomorrow Energy se basa en la energía ERCOT ISO para atender la carga de nuestros clientes. Tomorrow Energy comprará REC para compensar la carga anual total de cada cliente y retirará estos REC en un plazo de 6 meses a partir del final del año calendario.

Horario de atención: lunes a viernes de 7:00 a.m. a 4:00 p.m. CST; Sábado (servicios limitados) 8:00am-12:00pm CST (cerrado los domingos y feriados)
