

Tomorrow Energy Corp

NEW JERSEY RESIDENTIAL & SMALL COMMERCIAL TERMS OF SERVICE ELECTRIC SALES AGREEMENT AND TERMS OF SERVICE

The following is your Terms of Service Agreement (together with the Contract Summary, the "Agreement") with Tomorrow Energy Corp, d/b/a/ ("Tomorrow Energy") to authorize a change in your Third Party Supplier (TPS) for the purchase of electricity service for the plan you selected, as specified in your enrollment materials. Your Welcome Kit ("Welcome Kit") is hereby made an integral part of this Agreement. Tomorrow Energy agrees to sell and Customer agrees to buy the quantity of electricity delivered to you, as measured or estimated by your Utility Company. Tomorrow Energy is a TPS licensed by the New Jersey Board of Public Utilities ("NJBPU") and will supply electricity for your residence or business address enrolled under this Agreement. The words "we," "us," and "our" refer to Tomorrow Energy, and the words "you" and "your" refer to the Customer. Retain this Agreement and your Welcome Kit for your records.

Service Term: Your initial service under this Agreement is a fixed rate product (Fixed Rate Product), as specified in your Welcome Kit. The minimum term, if any, for the product you elected to enroll under is stated in the Welcome Kit. If you are a new customer, your selected product will become effective on the day your service begins with Tomorrow Energy, which coincides with the date your meter is read by your Utility Company. Because this date is determined by your Utility Company, Tomorrow Energy is not able to commit to a specific date for the commencement of service. If you are currently a Tomorrow Energy customer and are switching to another product, your selected product will become effective within 24 hours of the request to switch to the new plan. Fixed Rate Products shall commence as stated in your Welcome Kit ("Initial Term"). After expiration of the Initial Term, this Agreement shall automatically renew for successive one (1) month periods (the "Renewal Term") at a market variable rate that is set by Tomorrow Energy in its sole discretion, unless either party notifies the other party in writing of its intent to cancel, at least thirty (30) days prior to the next meter read date. You will receive a notice at least 30 days prior to the expiration of your Initial Term outlining your options for renewal.

Pricing and Payment: Your rate will be the rate disclosed to you in your Welcome Kit. So long as utility consolidated billing is in effect, each billing period you will receive a single invoice from your Utility Company that includes both Utility Company and TPS charges, including generation supply, distribution and transmission charges, surcharges, and state and local taxes. The rate quoted in your Welcome Kit includes New Jersey Sales and Use Tax. You are responsible for this and any and all additional taxes (whether passed through to you on Utility Company's bill as a separate line item or as part of the price of electric supply, as required by law, rule or regulation) and all Utility Company charges for delivery and distribution services.

Additional Fees: There will be an early termination fee of \$75. There will be no charge for starting or stopping service if done within the terms of the contract. There are no early termination fees for variable rate products.

Rescission Period for Residential and Small Commercial Customers: If you are a residential or small commercial customer,

you may rescind this Agreement within seven (7) calendar days of receiving your confirmation notice from your Utility Company. To rescind this Agreement within that seven (7) day period, you may contact your Utility Company and/or Tomorrow Energy directly. This Agreement shall not be legally binding upon residential or small commercial customers until the seven-day rescission period has expired, and the customer has not, directly or indirectly, rescinded his or her selection.

Cancellation and Switching Procedures: Customer or Tomorrow Energy may cancel a month-to-month variable rate Agreement, for reasons other than non-payment, at any time, by providing written notice to the other party at least thirty (30) days prior to the intended date of termination. If you enrolled under a fixed-rate, or any other term product, you agree to remain a customer of Tomorrow Energy until the term expires. In the case you choose to leave Tomorrow Energy's service while under term contract and beyond the seven (7) calendar day rescission period, you will be charged the early termination fee set forth in your Welcome Letter. All drop and switch proceedings must go through your Utility Company and/or Tomorrow Energy directly. When you cancel services, you agree to pay for the services provided by Tomorrow Energy through the date you are switched to another provider or returned to the Utility Company for service. For residential or small commercial customers, there is no additional charge for starting or stopping electric generation service, if done within the terms of this Agreement. Tomorrow Energy reserves the right to cancel this Agreement (i) if your Utility Company is unable to read your meter for three (3) consecutive months; (ii) if at any time you request separate bills from your Utility Company and Tomorrow Energy Services; or (iii) if the Utility Company removes you from their consolidated billing program and requires that Tomorrow Energy bill you separately for your electricity supply. If this occurs, we will notify both you and your Utility Company of the cancellation of this Agreement at least thirty (30) days prior to the effective date of cancellation and provide you with an opportunity to remedy the termination condition; provided, Tomorrow Energy may terminate the Agreement regardless of whether the customer remedies the condition that triggered the termination notice. It may take up to sixty days for Customer's account(s) to be returned to the Utility Company depending on Utility Company's cancellation procedures. Customer may cancel a fixed Agreement with Tomorrow Energy within 48 hours' notice without penalty, if (1) you move to another service location and provide evidence that you are moving, along with a forwarding address, or (2) a disability and/or death renders you unable to pay for service. You will be responsible for all Tomorrow Energy charges until such time your service is moved to another provider. A final bill will be rendered after the final scheduled meter reading, or if access is unavailable, an estimate of consumption will be used in the final bill, which may be trued up subsequent to the final meter reading.

If either party is unable, wholly or in part, by Force Majeure to perform or comply with any obligations or conditions of this Agreement, such party shall give immediate written notice, to the maximum extent practicable, to the other party. Such obligations or conditions, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused, and such party shall be relieved of liability and shall suffer no prejudice for failure to perform the same during the period. The party claiming suspension of obligations must in good faith attempt to mitigate and/or terminate the Force Majeure.
